

HEATH LANE SURGERY

Patient Participation Group (PPG)

Virtual PPG Group

You may be aware that the PPG have played an active part in the surgery's life for over two years now.

We are always keen to recruit new members, particularly those from the younger age groups. This would help our

group to become a more representative voice for *all* registered patients.

If you would be happy for the PPG members to contact you occasionally to seek your opinion on various issues please complete the details below and return the form to reception.

If you would like more information about the PPG please contact Roger Ellis, Chair at Roger-ellis@o2.co.uk
